

# MAKE OUR MOVEMENT STRONG!

## JOIN A WORKING GROUP

We need YOUth to help us amplify youth voice and peer advocacy by joining one of our working groups! These groups give members the opportunity to come together from across the state and Lead On. Whether you are interested in taking action and leading campaigns, social media and video development, or planning events, there is something for everyone!

### Action

The Action Working Group leads our advocacy and activism. We have a lot to say and this group makes sure our voices are heard. This group is great for those interested in systems advocacy and organizing campaigns.

### Outreach

The Outreach Working Group creates ways to grow the YP! network and strengthen its voice. They work on various special projects in coordination with YP!'s Social Marketer and develop the annual printed member newsletter.

### Special Events

The Special Events Working Group takes the lead in planning our major events such as the Families Together in NYS annual conference youth track and University of YOUTH POWER!

The working groups meet for an hour 1-2 times per month via Go-To Meeting which allows you to join by phone, computer, or an app. To learn more about how to join a working group or for more information, contact [INFO@YOUTHPOWERNY.org](mailto:INFO@YOUTHPOWERNY.org) or 518-432-0333 ext. 26.
